

Manager of Diagnostic Imaging Permanent Full-time

The KIRKLAND AND DISTRICT HOSPITAL
"An Equal Opportunity" Employer invites applications for
Permanent Full-time Manager of Diagnostic Imaging.

The Kirkland and District Hospital is located in Northern Ontario, in the heart of a prime recreational area. We are within easy travelling distance of a number of larger communities in Ontario and Quebec. Kirkland Lake is noted for its lifestyle advantages, an abundance of activities, clean air and lakes and a warm welcoming environment. In Kirkland Lake, you not only have access to a wide range of recreational activities, you and your family can actually afford to participate in them.

The Kirkland and District Hospital is a fully accredited 62 bed facility serving approximately 16,000 residents in Kirkland Lake and the surrounding communities. In addition to acute and chronic beds, hospital services include a busy emergency department, an active surgical program, a full range of outpatient services and a busy visiting Specialist Program.

The Manager of Diagnostic Imaging reports to the Chief Executive Officer and is accountable for the leadership and day to day operation of Diagnostic Imaging services. The Manager will collaborate with the Medical Director, Medical Staff, other Managers and key stakeholders to provide high quality, effective and efficient care to maintain a clean, safe, pleasant environment for all staff, clients, families and visitors. This position is responsible to ensure all necessary precautions are taken according to Federal and Provincial Standards in Radiology and Ultrasound. In this position the Manager also works actively within the Diagnostic Imaging Department itself and participates in the departmental call rotation.

The successful candidate must be a Diagnostic Imaging Technologist in good standing with the CMRTO and ARDMS and have knowledge and expertise in a broad range of diagnostic imaging practices. Bilingualism in both official languages is considered an asset. Previous supervisory or management experience is an important component of this position. Applicants must possess well developed interpersonal, critical thinking and problem solving skills, the ability to plan, organize, implement and evaluate activities and the ability to communicate effectively both verbally and in writing. Advance knowledge of Information Systems including Meditech is also considered an asset.

Relocation assistance may be available.
